Colouring Book

Osmo from BYJU'S

Real play, real learning, Real fun

Hands-on gameplay | Curriculum-based learning | Digital fun

Hands-on learning adventure for pre-schoolers.

Learning's really fun when it doesn't feel like learning! Take your child on a fun educational adventure with Osmo Genius Starter Kit and 5 immersive, curriculum-inspired games.

Get creative through play.

Nurture your child's artistic side! Designed for ages 4–10, Creative Starter Kit blends real-life doodles with on-screen action in three amazing ways. Build your child's creativity and communication skills while fostering endless imagination.

Learn through hands-on play.

Encourage a sense of discovery and exploration in your little one with Osmo Little Genius Starter Kit. Designed for preschoolers, It will spark their imaginations, help them learn critical skills, and most importantly: have loads of fun!

Equip your child with the 21st century Superpower.

Designed for ages 5–10, Coding Starter Kit builds coding skills in progression with 3 hands-on learning games. Watch your child learn to code as they connect colorful blocks of code in the physical world to chart the adventure on their screen.

Start a learning adventure today with Osmo!

It's no secret that kids get bored easily, especially when it comes to learning.

With Osmo, your child can trade textbooks in for tangible pieces and curriculum-based games that will foster an exciting and engaging learning experience that will help foster their love for learning.
