STEP 1

Make sure you have a compatible Fire Tablet

Not sure which Fire tablet you have? Instructions here:

Open **SETTINGS > DEVICE OPTIONS**

Osmo is compatible with the following Fire tablets:

- Amazon Fire 7 (7th Generation, 2017 Release)
- Amazon Fire HD 8 (7th Generation, 2017 Release)
- Amazon Fire HD 10 (7th Generation, 2017 Release)
- Amazon Fire HD 8 (8th Generation, 2018 Release)
- Amazon Fire 7 (9th Generation, 2019 Release)
- Amazon Fire HD 10 (9th Generation, 2019 Release)

STEP 2

Make sure you have an Osmo Fire base & reflector

	Front	Back	Side	Back of Reflector
A Classic Base for 				
B New Base for 				
C Base for  (Closed)				
D Base for  (Extended)				

STEP 3**Make sure you have an Amazon app store account created**

Follow the steps listed here:

<https://www.amazon.in/gp/help/customer/display.html?no-deId=201945440>

STEP 4**Make sure you have an Internet connection**

An internet connection is needed to:

- download the apps onto the Fire tablet
- create a myOsmo account
- sync game progress in myOsmo
- download Words albums
- use search feature in Masterpiece game

STEP 5**Adequate lighting in the room**

Avoid spotlights on the game pieces, ensure that light isn't coming from behind (creates shadows).

STEP 6**Remove any cases or protective coverings from the device**

No Fire tablet cases are currently compatible with the Osmo base for Fire tablet

STEP 7

Place your device on the Osmo base and center the reflector over the camera

STEP 8

Download the Osmo World App

The Osmo World app is a hub that allows you to access all of the game apps from one place. This allows you to switch games quickly and easily without leaving the Osmo World app, but it still requires each game app to be downloaded on the compatible device.

Download the Osmo World app here:
<https://my.playosmo.com/get/firetablets>

STEP 9

Create a myOsmo account and add a profile for each player

With a myOsmo account, the child's game progress will be saved in case the app gets deleted or the player switches devices.

To create a myOsmo account:

1. Open the Osmo World app
2. Tap **"myOsmo"** in the top right corner
3. Tap **"Create Free Account"**
4. Follow the prompts to create your myOsmo account

STEP 10

Install each Osmo game from the Osmo World app

To install each Osmo game:

1. Open the Osmo World app and sign in to your myOsmo account
2. Use the carousel of game icons at the bottom of the screen to locate the Osmo games you purchased
3. Tap the **"Install"** button on each game to download the game to your device.

STEP 11

PLEASE NOTE: If you use Amazon FreeTime, you will need to follow additional steps to share the Osmo apps to your child's profile

Follow these steps to add the apps to your child's profile. This assumes that your child has a separate Fire tablet profile from yours.

1. Make sure you are logged into your (adult) account on the tablet:
 - a. Swipe down from the top of the tablet;
 - b. Tap on the profile icon in the top right;
 - c. Select your profile.
2. Make sure you download all the Osmo apps you need from the app store.
3. Go to Settings.
4. Tap on **"Profiles and Family Library"** under **"Personal"**.
5. Tap on your child's profile name.
6. Tap on **"Add Content"** and choose **"Share Content"**.
7. Select **"Games & Apps"** in the top right corner.
8. Select the Osmo apps that you'd like to add to your child's profile.
9. Tap Done.
10. Now switch to your child's profile. (See step 1 for details.)
11. In the **"Added for you"** section, tap on **"See All"** on the right.
12. The displayed list should have all the Osmo apps you added to your child's profile.
13. Tap on any app to install.

STEP 12

Launch an Osmo game by tapping on the icon from the Osmo World app

STEP 13

Download the parent app to your phone in order to keep track of player progress in games

You can download the Parent app by using the search bar in the Apple App Store or Google Play Store.
