## How does Lettertopia work?

Osmo Lettertopia is a game app that you can download from the app store and play with your Osmo iPad or Fire base. You will need the Osmo Words tiles to play this game.

If you have purchased the Osmo Genius Kit Plus, your kit will contain a redemption code for Osmo Lettertopia. If you don't have a redemption code, you can still download it from the App Store. You will be able to play a trial of the game before you commit to purchasing it.

# Game Manual

## A. Menu Navigation

Tap "START TRIAL" to start a trial of the game. "UNLOCK FULL GAME" will enable you to purchase the full game experience.

You will go to the main island, where you will see all the worlds to visit. Select “Jungle” to play the first world. After you beat the levels in the Jungles, you will unlock more worlds. There are 40 levels total in this game.

Select Level 1 and you'll enter the level. Once you beat all 10 levels, you'll unlock the next world!

Select your player using the triangle side arrows and press “Select” when you are ready picking a character. You can buy new words if you tap on the “Upgrade” button. Above the select button, you will see a list of the creatures you can collect in each world.

## B. Object of the Game

The object of the game is to navigate through the level to the end and collect as many creatures as you can.

Find the Osmo Words letter tiles that match the white words on the bottom of the screen. Get them ready next to your play area!

To move, place the letter tiles that match one of the words at the bottom of the screen in front of the iPad.

You can place tiles in any direction to move around the map. Once you place the whole word, the character will move to the final letter!

Place the word that describes the creature to collect it. You'll collect the creature if you write a word that describes them and it crosses that character.

For example, you can write the word “HOT” for a hot toaster.

Move your characters to the finish line to complete the level.

## C. Collecting coins

When you beat a level, you will earn coins to unlock new characters.

In the island menu, you can go to the recruiting facility to unlock new characters.

You can unlock different characters and more words with the coins you earn.

## Best Practices for Effective Osmo Detection

1. Keep hands and fingers away from the blocks after placing them so that Osmo can see it.
2. Keep the reflector centered along the top edge of your device so the camera can see the play space.
3. Keep the blocks close to your device so the camera can see them.
4. Play Coding Awbie in a well lit room. If your table top or surface is a dark color, it may be interfering with the software detection.
5. Try placing an 8.5 x 11 sheet of white paper on the tabletop, and then put the blocks on top of the paper.
6. Make sure you are using a device that is compatible with Osmo. Please check [this list of Osmo-compatible devices](#).
7. If you experience any issues despite this setup, please reach out to [support@playosmo.com](mailto:support@playosmo.com) for assistance.
